

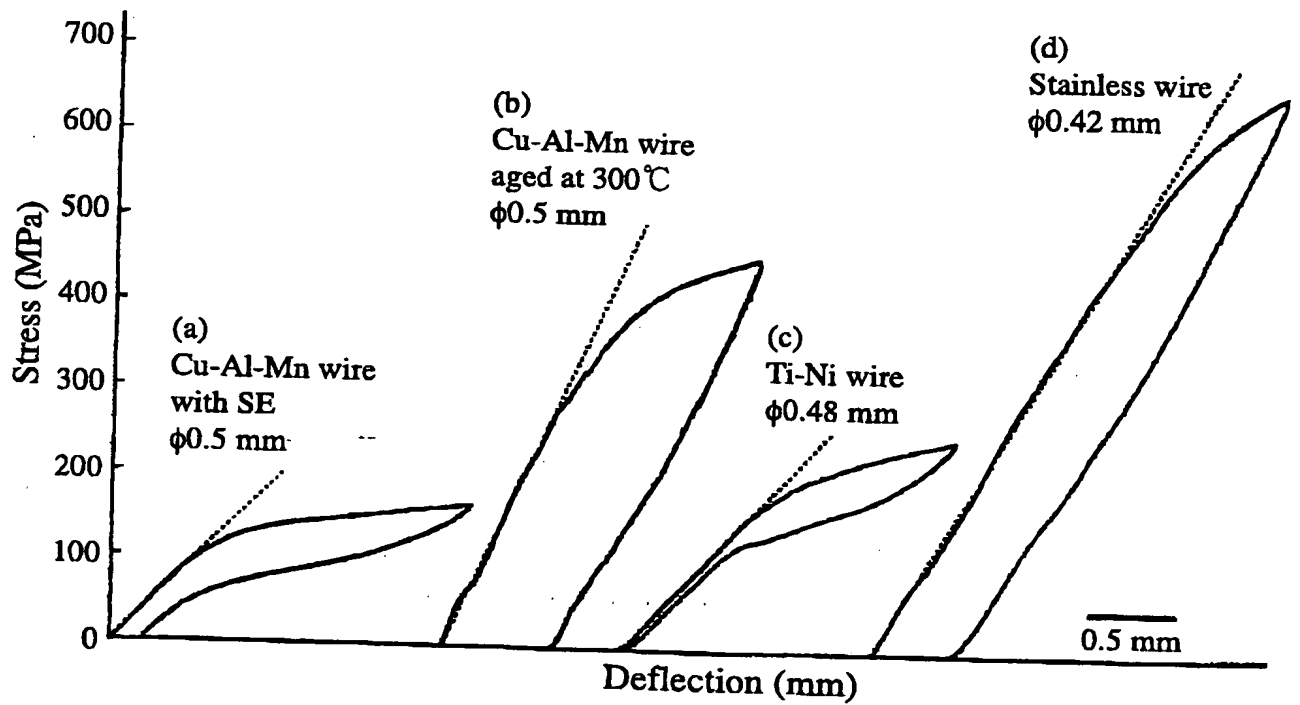

FIG. 1

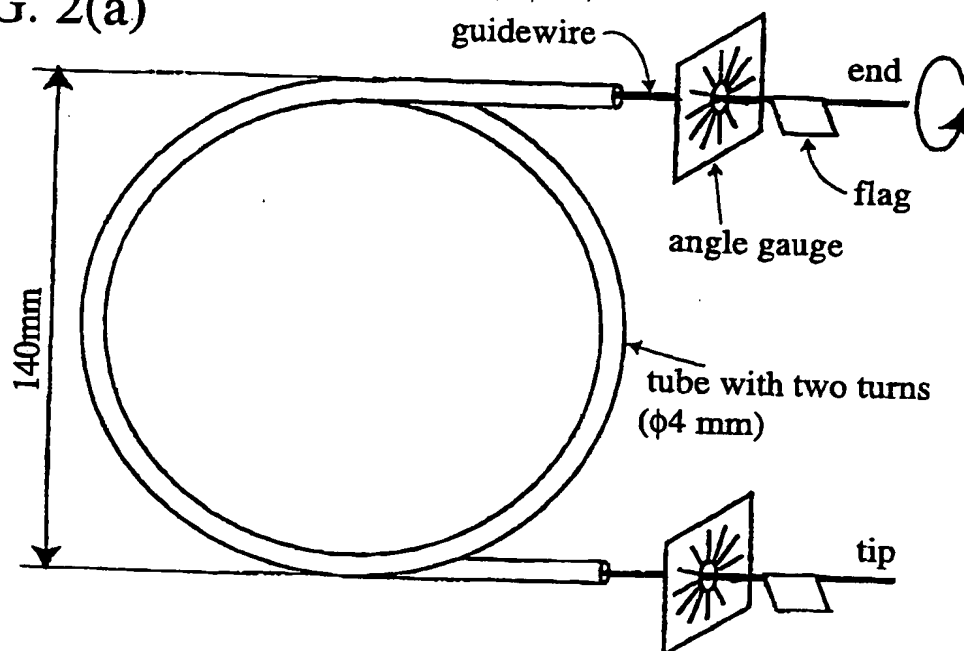

Bending Modulus (A Gradient of the Dotted Line
Shown in the Figures Above)

- (a) 50GPa
- (b) 150GPa
- (c) 60GPa
- (d) 165GPa

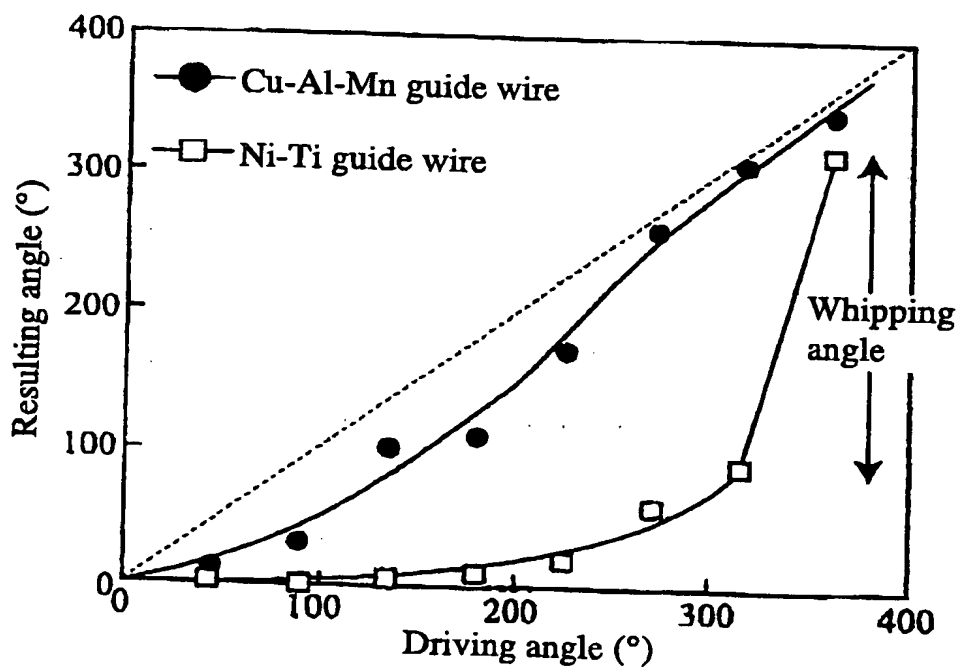

FIG. 2(a)

A Schematic Diagram for Evaluating the Operability of Guidewire and the Controllability of Torque Conveyance

FIG. 2(b)

Evaluation Results of the Operability and the Controllability
